

# Why Champ?

The Champ Plan resolves two of the most important concerns for your employees:

## Take Home Pay and Benefits

Participating in a 125 Cafeteria Plan **reduces an employee's taxable salary** and thus increases their spendable income with added additional benefits.

Every dollar put through the Section 125 plan **reduces an Employer's payroll through a reduction in their payroll tax liability** by eliminating the matching FICA taxes of 7.65%.

## Benefits for YOUR Employees
