CEOCI – "Why This Partnership Is Meaningful"

At Goldberg Kohn, we take pride in serving lower middle market companies and helping them achieve their business objectives through sophisticated legal counsel and practical, business-oriented advice. These companies, and the founders, owners, and executives who lead them, are at the core of our practice and represent the relationships we value most.

What makes our relationship with CEOCI meaningful is the close alignment of our missions. CEOCI works with business leaders to help them grow their companies, build value, and achieve their strategic objectives. Goldberg Kohn complements that work by providing the legal counsel and transactional experience leaders need to turn strategy into results, whether they are buying or selling a business, raising debt or equity capital, or navigating corporate governance or commercial legal issues as they scale.

For us, this partnership is about more than building relationships with the businesses we enjoy representing. It is an opportunity to contribute meaningfully to the success of the entrepreneurs, executives, and companies that make up the lower middle market, by sharing practical insight and serving as a trusted advisor to CEOCI members as their businesses grow. We are proud to support that community alongside CEOCI and look forward to the value we will create together.
