CEO COACHING INTERNATIONAL

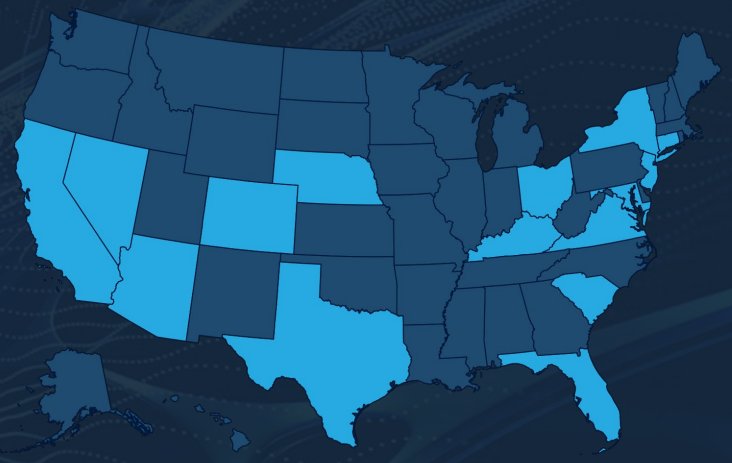

LIFESPAN MD

A PERSONAL CHIEF MEDICAL OFFICER FOR THE CEOs YOU COACH

A physician-led concierge network. Each executive is matched to a dedicated physician, in person or virtually, wherever they live, work or travel.

125 Physicians	28 Practices
36 In-person offices	~18K Concierge patients
93% Member retention	50 Serving all states, CAN & Israel

CARE FROM ANYWHERE IN THE COUNTRY

In-person offices · Virtual care, all 50 states · + Toronto · Tel Aviv

IN-NETWORK DIAGNOSTICS

Princeton Longevity Center
Advanced imaging and labs in one visit · NY, NJ, CT, DC Metro + Miami (Q1 2027)

New breast imaging center
Dedicated breast imaging, coordinated by the client's physician · Palm Beach, FL

THREE WAYS WE PARTNER WITH YOUR CLIENTS

For the CEO
Own physician, testing, year-round plan

For the executive team
Key leaders covered, spouses welcome

For the whole company
Enterprise benefit, by region

WHAT YOUR CLIENT GETS

MATCHED TO THE RIGHT PHYSICIAN, NOT ASSIGNED ONE

01

Private intake

A 10-minute confidential survey: where they live and travel, goals, care style.

02

A white-glove match

Our care team **hand-picks** a physician and makes a **personal introduction**.

03

Meet and greet

They meet their physician first. If the fit isn't right, we re-match.

04

Care all year

24/7 access to one physician who knows them and keeps the plan moving.

Live in about four weeks, from intake to first visit.

A doctor who picks up
Call or text their own physician any time, wherever they are.

Testing that becomes a plan
Imaging and labs at Princeton Longevity Center and our breast imaging center, turned into a plan revisited all year.

Family included
Spouses can join with their own physician and full privacy.

WHAT'S NEW SINCE WILD HEALTH

Wild Health is now part of LifeSpanMD.

Instead of one virtual practice, your clients get a national network of 125 physicians, in person or virtual, and a physician matched to each executive's unique needs/goals.

FOR COACHES

LIFESPAN MD

WHEN TO BRING LIFESPANMD INTO THE CONVERSATION

LISTEN FOR

Running on fumes

"I can't remember the last time I slept a full night."

Too much pressure, too little sleep, and no one watching the trend.

A health scare

"My wife's scan came back abnormal. Now what?"

For the CEO, a key leader or a spouse, with no one quarterbacking next steps.

Key-person risk

"If I'm out for three months, this whole thing stalls."

The business depends on a few leaders. Their health is a continuity issue.

Retaining top talent

"We keep losing great people to bigger firms."

A family-inclusive executive benefit competitors can't easily match.

WHY NOW

Clients are setting 2027 budgets. A benefit set up in Q1 covers the leadership team all year.

ASK A COLLEAGUE

Bill Whitehead credits preventive care with LifeSpanMD with saving his life.

Ask him to tell you the story.

THE ASK

Make the introduction.

We take it from there.

1. You make the intro
2. We match and onboard
3. You stay in the loop

SEND INTROS TO

Brittany Kaufman
VP of Operations
